Subject: Selectmen Agenda

Hi Walter,

I have a few discussion items that I'd like to have on our next meeting's agenda or as soon as possible:

- 1) An oversight meeting with the EDC and EDIC. Both committees are unsure of their direction, and how they can best serve the town.
- 2) A discussion of Committee responsibilities and liaison assignments. I need to drop at least one, if not 2, of the committees I am currently on—CWRMP and No Place for Hate are the ones I think someone else can do. I enjoy both of them, but I want to follow through on the shuttle, the design guidelines, and the EDC and I don't think I can be effective if I over commit.
- 3) For the CWRMP—we need to give the committee direction on the next steps in the process after the Report has been accepted by MEPA. We need to appoint a new committee, and we need to support education and outreach about the MEPA process and beyond.
- 4) Sylvia Street residents have petitioned to have a sewer line come down their street, and I am uncertain how to handle this. The CWRMP/ CAC voted to invite the residents and Paul Gaboury who is doing a subdivision on that street to our next meeting. We would like to ask them more specifically what they are requesting. Do the Selectmen want the CWRMP/ CAC to consider this issue or would they like the Sylvia Street residents to come directly to the Selectmen?

That about covers it. I am still unsure about protocol with these issues, so please advise me on the best way to proceed. Do I need to provide memos about these?

Sincerely,

Lauren
